

Strategies to remove potential barriers in the curriculum Subject: History

Potential barrier	Adaptive Teaching
Difficulty with recording information	<ul style="list-style-type: none"> • Use alternatives to written recording. Eg. Drawing, scribing, word processing, mind maps, digital images, videos, voice recordings • Provide word banks and picture cards to refer to when recording • Scaffold learning to make it accessible for all • Allow the use of templates • Allow additional time to complete the work • Provide lists of key concepts or vocabulary spelling • Sentence stems
Difficulty with retaining vocabulary	<ul style="list-style-type: none"> • Use visual prompts to direct children • Give one or two instructions at a time • Knowledge Organiser can be referred to, to support vocab • Pre-teach key vocabulary • Retrieval practice • Practical and hands on learning • Use voice recordings, photos, prepared grids etc as evidence of learning • Provide word banks that are accessible
Reading	<ul style="list-style-type: none"> • Reading with a peer who can read to them • Adapted text at their reading level so they can fluently read and retrieve information independently
Processing questions	<ul style="list-style-type: none"> • Give opportunity to discuss the answers to questions in pairs, before the teacher requests verbal answers • Visual prompts • Visual timelines to support understanding
Working and long-term memory	<ul style="list-style-type: none"> • Reduce the amount of knowledge to be remembered, repeat and display important information • Retrieval practice • Use of memory aids- posters, working wall, provocation areas, word banks • Explanations of complex tasks and concepts are simplified • Activities are structured so that children can use available resources such as word banks • Break tasks into manageable chunks and steps • Now/next sequencing boards to structure thinking for learning • Simple visuals that avoid cognitive overload

Attention and focusing	<ul style="list-style-type: none"> • Create a working classroom environment that is calm and simple Eg clear routines, organised workspace • Use preferential seating and proximity to engage all children- can you access target children? • Practical and engaging learning opportunities (History Man)
Understanding concept of the 'past'	<ul style="list-style-type: none"> • Drama based learning (MOTE) • Real-life or replica artefacts to handle and use (unit boxes) • Enrichment activities/trips with hands on learning, characters and venues • Timeline in classrooms

Additional strategies

- Visual aids/prompts – artefacts, provocation area, word mats, key images
- Working independently – scaffolded learning, templates
- Questioning – Blooms Taxonomy, targeted questions for all abilities, partner talk to allow thinking time, delving deeper by asking 'why or how' they know
